HIGH CAPACITY NOTE DISPENSER

The Tidel High Capacity Note Dispenser is designed for retail organizations that have a need to dispense a high volume of notes, using a secure and auditable process.

The High Capacity Note dispenser supports three or four cassettes, with each cassette capable of storing up to 1,800 notes. The system has the capability to dispense up to 7 notes per second. More than one cassette can be used for the same note denomination.

Dispensing notes and accessing the note cassettes are completely auditable and managed by individual user PIN. Note dispensing limits can be set on a per individual basis.

The 3-cassette High Capacity Note Dispenser measures 30.75” high, making it ideally suited to be placed under a retail store counter.

The High Capacity Note Dispenser is ideal for filling till drawers at start-of-shift, check cashing, debit card cash back, till drawer replenishment, and making change from large notes.
