

Under the Counter Recycler

The Tidel Under the Counter Recycler is an innovative cash management solution that is uniquely designed to fit under the counter, at point of sale, enabling store personnel to recycle notes and coins as part of their daily cash management process.

The Tidel Under the Counter Recycler is an innovative cash management solution that enables retailers to recycle notes and coins to help manage their daily cash needs. Capable of being placed directly under the store counter, the Tidel Under the Counter recycler easily integrates with a store's point-of-sale system, offering a turnkey solution that can automate and streamline a store's cash management processes.

The Tidel Under the Counter Recycler offers different configuration options, depending on a store's cash usage needs. Completely network capable, the Under the Counter recycler provides a rich software suite and expansive reporting capability, enabling the optimization of a store's cash business.
